HAWK CLASS NEWS

This term Hawk Class have been learning all about robots! We have really enjoyed this topic and have done lots of fun activities! In DT we have made our own robots using different materials and we are now working together to create a big class robot! We have really enjoyed our class book 'Robot Gets It Wrong' - Robbie the Robot helps out with various household jobs but he can get some wrong... oops! To help Robbie the Robot, Hawk Class have been writing instructions for him to follow. We think he will be able to do the jobs properly now. Hawk Class have also been working hard to create their own Makaton signing video to a robot song.

BLUEBIRD CLASS NEWS

Bluebirds have been working really hard this term. We have been making robots and have even made a class robot. Can you guess who is dressed up from the pictures? In English we have enjoyed listening to our sensory story "Robot gets it wrong" and making a mess with lots of ice cream! Following on from this we have been learning about instructions and household jobs. We have been very busy using the Hoover and washing up!

ROBIN CLASS NEWS

Robin Class have been enjoying exploring and becoming more familiar with untuned percussion instruments in Creative Arts. They have also had fun participating in small group singing and action games with the lycra and stretchy band.

PARENT/ CARERS CAREERS QUESTIONNAIRE

We're inviting parents of pupils in years 8-10 to take part in a short questionnaire to share your views on your child's careers education and how well you feel they are being prepared for their future.

Your feedback is incredibly valuable and will help us understand what's working well and where we can improve. The questionnaire is quick to complete – it should take no more than 10 minutes – and your responses will remain completely confidential and anonymous.

Why take part?

- Help shape careers education at our school
- Ensure your child receives the support they need for future success
- Share your perspective as a parent or carer

Complete the questionnaire here: [Parent and Carer Questionnaire | The Careers and Enterprise Company](#)

If you have any questions about the careers education we provide at the school, or have any specific questions you would like to discuss please do ask either your class teacher, Katie Barnes or Holly Atkins, the school's Career Leads.

SCABIES

We have been informed that a child who attends our school has a confirmed case of scabies.

Scabies is very common and anyone can get it. It should be treated quickly to stop it spreading.

One of the first symptoms is intense itching, especially at night. Tiny mites lay eggs in the skin, leaving silvery lines with a dot at one end. The rash can appear anywhere, but it often starts between the fingers. The rash spreads and turns into tiny red spots.

The scabies rash usually spreads across the whole body – apart from the head.

Elderly people, young children and those with a weakened immune system may also develop a rash on their head and neck.

A pharmacist can help with scabies. Scabies is not usually a serious condition, but it does need to be treated. A pharmacist will recommend a cream or lotion that you apply over your whole body. It's important to read the instructions carefully.

You'll need to repeat the treatment 1 week later. Scabies is very infectious but it can take up to 8 weeks for the rash to appear. Everyone in the household needs to be treated at the same time – even if they don't have symptoms.

For more information, please see the following NHS website:

<https://www.nhs.uk/conditions/scabies/>

PARENTS/CARERS' CONSULTATION WEEK

During the last week of term (Monday 20th - Friday 24th October) between 4-7pm we will be offering a parent/carer's evening phone call. Each teacher will be allocated 10 minutes to ring and discuss with you your child's progress and offer any advice and support you may require. Please contact your child's teacher to arrange a suitable time on the evening they are allocated to.

Please note some calls may be from withheld numbers.

If you would like to have a discussion with any other teachers such as our Careers, Creative Arts or Outdoor Education Teacher please let your class teacher know and they will also arrange a suitable time to contact you. If you would like to discuss any further issues/ key areas such as transitions, medical needs etc please let us know and we will ensure that one of the Senior Leaders will contact you to have this discussion.
