ONLINE PARENTING COURSES – FAMILY LIVES

Being a parent has never been easy. There are no manuals for it, and previous generations may not be able to provide the insight you're looking for. The family unit is more dispersed than ever, with some families existing hundreds of miles from what may be called a 'core unit'. The rapid pace of societal change in the UK rapidly outstrips the knowledge of the immediate past. The result is that many parents may find themselves lost in a maelstrom of contradictory advice. For adults, time has never been more compacted. Family Lives has produced a series of online parenting courses, to make this challenge a little easier. If interested please follow the link below:

Family Lives offers a confidential and free* helpline service for families in England and Wales (previously known as Parentline). They can be contacted on **0808 800 2222** for emotional support, information, advice and guidance on any aspect of parenting and family life. Their website is also a rich source of useful support and advice.
