10	MS mentioned that the figures for last year show that the majority of	
	progress made was outstanding, with some areas showing as good. One	
	class were showing as inadequate, a class of CLA with 3 in the cohort. 1	
	pupil, who was having major difficulties and made no progress, was	
	bringing the figures down, so the class has been moderated as	
	outstanding. The pupil has received counselling over the summer and had	
	begun school well.	
	The breakdown of the data is monitored in every possible way and	
	highlights areas that need improving.

	Challenge Question: do you benchmark against other SEN schools?	
	Answer: we used to but the government took levels away and schools	
	use their own systems.	
	Pupils are assessed at different levels, higher ability pupils should learn	
	more and have more learning objectives which come from KS2 curriculum	
	outcomes. School objectives at KS3 and KS4 now match with accredited	
	courses and with awards at national level.	
	Students learn 15 new things in lots of subjects to achieve their targets	
	and 70% of students achieve or exceed these targets. Progress folders	
	are filled in by teachers which is the proof that these figures are correct	
	and have been achieved consistently. All folders are checked by SLs and	MS to check
	staff teams check each other's marking. Parents also see these folders	minor anomalies

	Challenge Question: when you track pupils do keep checking they have	
	remembered what they have previously learnt?

	something and as skills build on each other over time you go back over	
	what has been previously taught.
