Agenda – discussion points	Action Agreed	By When
Eco Notice board – The group were really pleased to hear that a notice board has been allocated to us to showcase who we are and what we do for our school, the community and for the world as a whole. We had a discussion about what could go on the board and looked at examples online of what other schools do and what AI suggests. We loved the sound of photos to show our projects and pupil designed posters.	Holly to email Becky.M	
Pine class have told us that they are planning a recycling party! We cannot wait to hear more about this. They also did a recycling survey and collected data from other classes, they shared their results and shared with us that they will be undertaking more Eco projects in class.
